There is a great deal of comfort to be had from a pipe full of good, pure tobacco, and knowing this we have put up in handsome packages, ready for use, Blackwell's Durham Long Cut. You will know the genuine by the BULL in the handsome picture on the package.

It is just the same tobacco and prepared in just the same way as for cigarettes. The only difference is, that instead of giving it to you already rolled in pure rice-paper, it is put in a package ready for use either in a pipe or for you to roll in cigarettes.
